

EuCAP 2019 Best Paper and Best Student Paper Awards

The EuCAP 2019 Best Paper Awards have been created to contribute to the recognition of scientific quality of research and engineering in four thematic domains (Measurement/Propagation/Electromagnetism and Antenna Theory/Antenna Design and Applications) whereas Best Student Paper Awards are not related to a specific thematic domain.

The awards committee is chaired by Professor Zbynek Raida, Brno University of Technology, Professor Angelo Freni, University of Florence and Janet O'Neil, ETS-Lindgren.

The papers will be judged during the awards poster session on Thursday 4 April 2019 13:30-15:00
